

LFDA - Lee Flower Design Academy

About Us

We were founded in 1964 , with more than five decades' experience in the flower business. The continuous support and encouragement from our valued customers has helped us to establish and expand our business all these years. We have grown from a very small outfit to quite a sizeable florist to date. In order to provide a more efficient service to our clients, we are now operating from two premise, both strategically located in the adjacent satellite cities of Petaling Jaya (Subang Jaya) Despite our continuous growth in the Flower Business, we have not lost our integrity and vision, and will continue to serve all our valued customers with the utmost care to their fullest satisfaction.

In addition to our normal floral arrangement business, we have now incorporated extra services like providing courses in Floral Design at [LFDA \(Lee Flower Design Academy \)](#) and DFA Floral Instructor Training Program. Dutch Floral Design is highly regarded throughout the world. Accredited by the European Floral Design Academy, the DFA Instructor Training Diploma Program aims to nurture teaching and floristry skills amongst participants. Participants will be trained to ultimately conduct professional and high quality DFA floral design courses.

Establishment

Turn your passion of floriculture into an exciting and rewarding career. As a florist, you will be surrounded by flowers and greenery everyday that enlighten your life and fulfilling your creative desire and for sheer of self enjoyment. If you start your own florist business, you will have a job that gives you sense of satisfaction with results of your work, and enjoy the freedom of time and financial rewards being your own boss. You will be involved with some of the most significant moments in people's lives, from birthdays, valentine's day, mother's day, weddings and other seasonal occasions to help people show their care and love, enriching the lives of many people.
